

## **Bay Street Streetscape Improvements Project**

**RFQ Number: 2018 – 048**

### **ADDENDUM NO. 1 – July 31, 2018**

To: All Known Bid Document Holders  
From: Sheila M. McGauvran, P.E.  
Town Engineer - Town of Westerly  
68 White Rock Road  
Westerly, RI 02891

The following items represent additional information provided, changes, amendments or clarifications to the Contract Bid Documents for the above referenced project:

- **The plans indicate 95% submission. Is this correct or just a typo error?**  
*The plans are in the process of being issued as PS&E. There are no changes to the design, specs or quantities, just the title blocks. These plans will be uploaded when available. Bidders should use the 95% plans to prepare their bids.*
- **Is this project bid lump sum or unit pricing. Some of the special provisions state items are paid by the unit pricing but the bid proposal does not include the items.**  
*The attached bid form is to be used for this unit price bid.*
- **Please clarify how the alternate prices are bid. Are they unit pricing or lump sum pricing?**  
*Unit price. See attached.*
- **Please clarify the alternate pricing for 202.0300, 301.0200, 302.9901. Can you explain what the items are for?**  
*There was extensive base course disturbance during the underground utility project. Most of the original material in the area was replaced with gravel. However, there may still be pockets of unsuitable material which must be replaced.*

- On the Bay Street project in Westerly, the granite curb detail notes a 5" width. This is very unusual for Rhode Island as it is typically 6" width. Can you confirm the curb width requirement? Also the detail notes a ½" bullnose, where curb is Rhode Island is typically spec'd with a ½" chamfer. Can you confirm this requirement as well? I have attached our cut sheet for typical Rhode Island DOT curb.

*Use 5" Bullnose granite curb as detailed on the plans.*

The above clarifications and information does not warrant reissuance of any portions of the Bid Documents (including Bid Form). Prospective Bidders should acknowledge receipt and acceptance of Addendum No.1 with executed copy of each addenda returned with the executed bid form.

Bidder acknowledges receiving Addendum No. 1 dated July 31, 2018 and considers the information, changes and clarifications to be made part of the Bid Contract Documents.

**Addendum No.1:**

## ATTACHMENT B

### Bid Form

***THIS FORM MUST BE COMPLETED AND SUBMITTED WITH BID***

**RFQ NAME: Bay Street Streetscape Improvements Project**

**RFQ NUMBER: 2018 – 048**

Company Name: \_\_\_\_\_

The undersigned, having familiarized himself/herself with the Request for Proposals, does hereby submit the following fee proposal for installation of concrete sidewalks at various locations on Bay Street in the Town of Westerly in accordance with the specifications and details within the Request for Proposals and as contained in any addenda issued prior to the date of Bid opening. This fee is inclusive of all labor, equipment, hauling, fuel, materials, supplies, waste dump fees, tipping fees, permits, and insurance.

I / we propose to complete all items as described and listed in the Town of Westerly's Request for Proposals, as written in words and written in figures below:
